

PHILLIPS  
*Programs for Children and Families*

**PHILLIPS WILD WEST**

*Expanding our Children's Horizons*

PHILLIPS Programs is focused on challenged **CHILDREN**, **COMMUNITY**, and **COMMITMENT**. For over forty years we have answered the need with intensive individualized special education, therapeutic foster care and home based family support services. Every day through our commitment we provide children and families throughout the region with a fresh start.

The funds raised through the 2012 annual gala will go towards the **New Horizons Fund**. This fund provides seed money to develop and design new services for current clients, as well as for future clients. One of PHILLIPS' goals is to prepare our students to lead successful lives once they leave our programs. We do this through a variety of avenues with a major focus on Career Education and Independent Living Skills. It is critical for PHILLIPS to ensure our students have the necessary support services the need for successful transitions. Money from the **New Horizons Fund** may be used to support PHILLIPS' transition support services and may include:

- Career Coaching
- Student Internships with Local Business
- On-campus Job Placement
- Developing Mentorship Opportunities
- Utilizing Technology in the Workplace

Your support of PHILLIPS' annual gala will ensure we have the resources necessary to continue and enhance our career education and transition support services. **An investment in PHILLIPS is an investment in futures--ours!**
